

DraftKings Delivers Positive Adjusted EBITDA in Second Quarter; Reports Revenue of \$875 Million; Raises 2023 Revenue Guidance Midpoint by \$315 Million to \$3.5 Billion and Improves 2023 Adjusted EBITDA Guidance Midpoint by \$110 Million to (\$205) Million

August 3, 2023

Expects to Generate \$150 Million to \$175 Million of Adjusted EBITDA in the Fourth Quarter of 2023

BOSTON, Aug. 03, 2023 (GLOBE NEWSWIRE) -- DraftKings Inc. (Nasdaq: DKNQ) ("DraftKings" or the "Company") today announced its second quarter 2023 financial results. The Company also posted a second quarter 2023 business update and an earnings presentation on the Investor Relations section of its website at investors.draftkings.com.

Second Quarter 2023 Highlights

For the three months ended June 30, 2023, DraftKings reported revenue of \$875 million, an increase of 88% compared to \$466 million during the same period in 2022 driven primarily by continued healthy customer retention and engagement, efficient acquisition of new customers, product innovation leading to increased parlay mix and thus higher hold percentage, and improved promotional intensity.

"DraftKings produced outstanding results for the second quarter of 2023. We grew revenue at an impressive year-over-year rate, captured additional GGR share in a cost-effective manner, and maintained our focus on operational efficiency," said Jason Robins, DraftKings' Chief Executive Officer and Co-founder. "The positive Adjusted EBITDA that we generated in the second quarter exceeded our guidance, and we are well on our way to achieving positive Adjusted EBITDA again in the fourth quarter of 2023 and for fiscal year 2024 and beyond. We are excited by the additional product features and functionality that we are introducing leading into football season and also look forward to another successful online sportsbook launch in Kentucky this fall pending licensure and regulatory approvals."

"We are acquiring new customers efficiently while simultaneously retaining and monetizing our existing players through rapid product innovation, less promotions, and higher hold from better bet mix," said Jason Park, DraftKings' Chief Financial Officer. "Our unit economics are outstanding with older states generating more than enough cash to fund investment in new states. This performance, combined with fixed costs that grew at only a mid-single digit year-over-year percentage rate in the second quarter, resulted in an inflection to positive Adjusted EBITDA that we expect will occur again in the fourth quarter and for full year 2024. As a result, we are increasing the midpoint of our fiscal year 2023 revenue guidance to \$3.5 billion from \$3.185 billion and improving the midpoint of our fiscal year 2023 Adjusted EBITDA guidance to (\$205) million from (\$315) million."

Continued Healthy Growth in Customer Retention, Acquisition, and Engagement

- Monthly Unique Payers ("MUPs") increased to 2.1 million average monthly unique paying customers in the second quarter of 2023, representing an increase of 44% compared to the second quarter of 2022. This increase reflects strong unique payer retention and acquisition across DraftKings' Sportsbook and iGaming products as well as the expansion of its Sportsbook and iGaming products into new jurisdictions.
- Average Revenue per MUP ("ARPMUP") was \$137 in the second quarter of 2023, representing a 33% increase compared to the same period in 2022. This increase was primarily due to improvement in the Company's structural sportsbook hold rate and reduced promotional intensity.
- Detailed financial data and other information for the second quarter of 2023 is available in the financial statements set forth below under the caption "Financial Results."

Raising 2023 Revenue Guidance and Improving 2023 Adjusted EBITDA Guidance

- DraftKings is raising its fiscal year 2023 revenue guidance to a range of \$3.46 billion to \$3.54 billion from the range of \$3.135 billion to \$3.235 billion, which the Company previously announced on May 4, 2023. The Company's updated 2023 revenue guidance range equates to year-over-year growth of 54% to 58%.
- DraftKings is also improving its fiscal year 2023 Adjusted EBITDA guidance. The Company now expects fiscal year 2023 Adjusted EBITDA of between (\$190) million and (\$220) million compared to its prior fiscal year 2023 Adjusted EBITDA guidance of between (\$290) million and (\$340) million, which the Company previously announced on May 4, 2023.
- In the fourth quarter of 2023, DraftKings expects to generate \$150 million to \$175 million of Adjusted EBITDA and nearly \$1.2 billion of revenue.
- The Company's revenue and Adjusted EBITDA guidance for fiscal year 2023 includes all the existing jurisdictions in which it is live plus Kentucky and Puerto Rico, in which it expects to launch during the guided period.

Mobile Sports Betting and iGaming Footprint

- DraftKings is live with mobile sports betting in 21 states that collectively represent approximately 44% of the U.S. population.

- DraftKings is also live with iGaming in 5 states, representing approximately 11% of the U.S. population.
- DraftKings is live with its Sportsbook and iGaming products in Ontario, Canada, which represents approximately 40% of Canada's population.
- Kentucky, North Carolina, Vermont, and Puerto Rico have authorized mobile sports betting and collectively represent approximately 6% of the U.S. population. DraftKings expects to launch its Sportsbook product in Kentucky on September 28, 2023, as well as in North Carolina, Vermont, and Puerto Rico, in each case pending licensure and regulatory approvals as well as securing market access in North Carolina and Vermont.
- In 2023, 12 states that collectively represent approximately 24% of the U.S. population have either introduced legislation to legalize mobile sports betting or introduced bills that may result in sports wagering referendums during an upcoming election. In addition, 5 states that collectively represent approximately 14% of the U.S. population have either introduced legislation to legalize iGaming or introduced a bill that may result in an iGaming referendum during an upcoming election.

Webcast and Conference Call Details

As previously announced, DraftKings will host a conference call and audio webcast tomorrow, Friday, August 4, 2023, at 8:30 a.m. ET, during which management will discuss the Company's results for the quarter and provide commentary on business performance. A question and answer session will follow the prepared remarks.

To listen to the audio webcast and live question and answer session, please visit DraftKings' investor relations website at investors.draftkings.com. A live audio webcast of the earnings conference call will be available on the Company's website at investors.draftkings.com, along with a copy of this press release, the Company's Quarterly Report on Form 10-Q, a slide presentation and a second quarter 2023 business update. The audio webcast will be available on the Company's investor relations website until 11:59 p.m. ET on September 30, 2023.

Non-GAAP Financial Measures

This press release includes Adjusted EBITDA and Adjusted Income (Loss) Per Share, which are non-GAAP financial measures that DraftKings uses to supplement its results presented in accordance with U.S. generally accepted accounting principles (“GAAP”). The Company believes Adjusted EBITDA and Adjusted Income (Loss) Per Share are useful in evaluating its operating performance, similar to measures reported by its publicly-listed U.S. competitors, and regularly used by security analysts, institutional investors and other interested parties in analyzing operating performance and prospects. Adjusted EBITDA and Adjusted Income (Loss) Per Share are not intended to be substitutes for any GAAP financial measures, and, as calculated, may not be comparable to other similarly titled measures of performance of other companies in other industries or within the same industry.

DraftKings defines and calculates Adjusted EBITDA as net loss before the impact of interest income or expense (net), income tax provision or benefit,

and depreciation and amortization, and further adjusted for the following items: stock-based compensation; transaction-related costs; litigation, settlement and related costs; advocacy and other related legal expenses; gain or loss on remeasurement of warrant liabilities; and other non-recurring and non-operating costs or income, as described in the reconciliation below.

DraftKings defines and calculates Adjusted Income (Loss) Per Share as basic and diluted loss per share attributable to common stockholders before the impact of amortization of acquired intangible assets; stock-based compensation; transaction-related costs; litigation, settlement and related costs; advocacy and other related legal expenses; gain or loss on remeasurement of warrant liabilities; and other non-recurring and non-operating costs or income, as described in the reconciliation below.

DraftKings includes these non-GAAP financial measures because they are used by management to evaluate the Company's core operating performance and trends and to make strategic decisions regarding the allocation of capital and new investments. Adjusted EBITDA and Adjusted Income (Loss) Per Share exclude certain expenses that are required in accordance with GAAP because they are non-recurring items (for example, in the case of transaction-related costs and advocacy and other related legal expenses), non-cash expenditures (for example, in the case of amortization of acquired intangible assets, depreciation and amortization, remeasurement of warrant liabilities and stock-based compensation), or non-operating items which are not related to the Company's underlying business performance (for example, in the case of interest income and expense and litigation, settlement and related costs).

The unaudited table below presents the Company's Adjusted EBITDA reconciled to its net loss, which is the most directly comparable financial measure calculated in accordance with GAAP, for the periods indicated:

Information reconciling forward-looking fiscal year 2023 Adjusted EBITDA guidance to its most directly comparable GAAP financial measure, net income (loss), is unavailable to DraftKings without unreasonable effort due to, among other things, certain items required for such reconciliations being outside of DraftKings' control and/or not being able to be reasonably predicted. Preparation of such reconciliations would require a forward-looking balance sheet, statement of income and statement of cash flow, prepared in accordance with GAAP, and such forward-looking financial statements are unavailable to the Company without unreasonable effort. DraftKings provides a range for its Adjusted EBITDA forecast that it believes will be achieved; however, the Company cannot provide any assurance that it can predict all of the components of the Adjusted EBITDA calculation. DraftKings provides a forecast for Adjusted EBITDA because it believes that Adjusted EBITDA, when viewed with DraftKings' results calculated in accordance with GAAP, provides useful information for the reasons noted above. However, Adjusted EBITDA is not a measure of financial performance or liquidity under GAAP and, accordingly, should not be considered as an alternative to net income (loss) or cash flow from operating activities or as an indicator of operating performance or liquidity.

You should not rely on forward-looking statements as predictions of future events. DraftKings has based the forward-looking statements contained in this press release primarily on its current expectations and projections about future events and trends, including the current macroeconomic environment, that it believes may affect its business, financial condition, results of operations, and prospects. These forward-looking statements are not guarantees of future performance, conditions or results, and involve a number of known and unknown risks, uncertainties, assumptions and other important factors, many of which are outside DraftKings' control and that could cause actual results or outcomes to differ materially from those discussed in the forward-looking statements. Important factors, among others, that may affect actual results or outcomes include, but are not limited to, DraftKings' ability to manage growth; DraftKings' ability to execute its business plan and meet its projections; potential litigation involving DraftKings; changes in applicable laws or regulations, particularly with respect to gaming; general economic and market conditions impacting demand for DraftKings' products and services; economic and market conditions in the media, entertainment, gaming, and software industries in the markets in which DraftKings operates; market and global conditions and economic factors including the potential adverse effects of the global coronavirus pandemic (or the emergence of additional variants or strains thereof), as well as the potential impact of general economic conditions, including

inflation, rising interest rates and instability in the banking system, on DraftKings' liquidity, operations and personnel, as well as the risks, uncertainties, and other factors described in "Risk Factors" in DraftKings' filings with the Securities and Exchange Commission (the "SEC"), which are available on the SEC's website at www.sec.gov. Additional information will be made available in other filings that DraftKings makes from time to time with the SEC. The forward-looking statements contained herein are based on management's current expectations and beliefs and speak only as of the date hereof, and DraftKings makes no commitment to update or publicly release any revisions to forward-looking statements in order to reflect new information or subsequent events, circumstances or changes in expectations, except as required by law.
