BOSTON, Aug. 02, 2024 (GLOBE NEWSWIRE) -- (revised) — DraftKings Inc. (Nasdaq: DKNG) (“DraftKings” or the “Company”) today announced results for the second quarter of 2024 and that its Board of Directors authorized the repurchase of an aggregate of up to \$1.0 billion of its Class A common stock. The Company also posted a second quarter 2024 business update and an earnings presentation on the Investor Relations section of its website at investors.draftkings.com.

This press release corrects the impact of the gain on remeasurement of warrant liabilities under Accounting Standards Codification 260 on U.S. GAAP diluted earnings per share for the quarter ended June 30, 2024. Diluted earnings per share was \$0.10 (versus \$0.12 reported in the original press release) for the quarter ended June 30, 2024. Adjusted Earnings Per Share of \$0.22 for the quarter ended June 30, 2024 remains unchanged. Please refer to the end of this document for a reconciliation of Adjusted Earnings Per Share to its most directly comparable U.S. GAAP financial measure, diluted earnings per share.

Second Quarter 2024 Highlights

For the three months ended June 30, 2024, DraftKings reported revenue of \$1,104 million, an increase of \$230 million, or 26%, compared to \$875 million during the same period in 2023. The increase in the Company's second quarter 2024 revenue was driven primarily by continued healthy customer engagement, efficient acquisition of new customers, the expansion of the Company's Sportsbook product offering into new jurisdictions, higher structural sportsbook hold percentage, and the impact of the acquisition of Jackpocket Inc. (“Jackpocket”), which closed on May 22, 2024.

“We very efficiently acquired many more new customers than we expected and saw continued healthy existing customer engagement in the second quarter,” said Jason Robins, DraftKings’ Chief Executive Officer and Co-founder. “We will continue to capitalize on the healthy customer acquisition environment for the rest of 2024 which positions us to achieve \$900 million to \$1.0 billion of Adjusted EBITDA in 2025. Additionally, we plan to implement a gaming tax surcharge in high tax states that have multiple mobile sports betting operators on January 1, 2025 which could drive Adjusted EBITDA upside on an annual basis.”

“We are very excited about DraftKings’ Free Cash Flow trajectory,” said Alan Ellingson, DraftKings’ Chief Financial Officer. “In light of that, we are pleased to announce a \$1.0 billion inaugural share repurchase authorization, which reflects our confidence in the Company's attractive long-term outlook and healthy balance sheet.”

Continued Healthy Growth in Customer Retention, Acquisition, and Engagement

- Monthly Unique Payers (“MUPs”) increased to 3.1 million average monthly unique paying customers in the second quarter of 2024, representing an increase of 50% compared to the second quarter of 2023. This increase reflects strong unique player acquisition and retention across DraftKings’ Sportsbook and iGaming products, the expansion of its Sportsbook product into new jurisdictions and the impact of the acquisition of Jackpocket. Excluding the impact of the acquisition of Jackpocket, MUPs would have increased by approximately 34% compared to the second quarter of 2023.
- Average Revenue per MUP (“ARPMUP”) was \$117 in the second quarter of 2024, representing a 15% decrease compared to the same period in 2023. The decrease was primarily due to lower ARPMUP for Jackpocket customers when compared to customers of DraftKings’ existing product offerings prior to the acquisition, customer friendly sport outcomes, and an increase in new customer promotional investment for the Company's Sportsbook and iGaming product offerings as a result of strong customer acquisition.
- Detailed financial data and other information for the second quarter of 2024 is available in the financial statements set forth below under the caption “Financial Results.”

Fiscal Year 2024 and 2025 Guidance

- DraftKings is raising its fiscal year 2024 revenue guidance to a range of \$5.05 billion to \$5.25 billion from the range of \$4.80 billion to \$5.00 billion, which the Company previously announced on May 2, 2024. The Company's updated 2024 revenue guidance range equates to year-over-year growth of 38% to 43%.
- DraftKings is revising its fiscal year 2024 Adjusted EBITDA guidance. The Company now expects fiscal year 2024 Adjusted EBITDA of between \$340 million and \$420 million compared to its prior fiscal year 2024 Adjusted EBITDA guidance of between \$460 million and \$540 million, which the Company previously announced on May 2, 2024.

- DraftKings continues to expect fiscal year 2025 Adjusted EBITDA to be in the range of \$900 million to \$1.0 billion, consistent with the guidance range provided at the Company's Investor Day on November 14, 2023. The Company's fiscal year 2025 Adjusted EBITDA guidance excludes the impact of the planned gaming tax surcharge.
- The Company's guidance for fiscal years 2024 and 2025 includes all of its existing jurisdictions as well as mobile sports betting in Washington, D.C.
- DraftKings' revenue and Adjusted EBITDA guidance for fiscal years 2024 and 2025 includes the impact of the Company's acquisition of Jackpocket Inc.

\$1.0 Billion Stock Repurchase Authorization

- On July 30, 2024, DraftKings' Board of Directors authorized the repurchase of an aggregate of up to \$1.0 billion of the Company's Class A common stock. DraftKings may make repurchases of its Class A common stock through open market purchases, privately negotiated transactions or other transactions in accordance with applicable securities laws, subject to market conditions and other factors. The Company's repurchase program does not require it to acquire any specific number or amount of Class A common stock and may be terminated at any time.

Mobile Sports Betting and iGaming Footprint

- Following the launch of its Sportsbook product in Washington, D.C. on July 25, 2024, DraftKings is live with mobile sports betting in 25 states and Washington, D.C. which collectively represent approximately 49% of the U.S. population.
- DraftKings is also live with iGaming in 5 states, representing approximately 11% of the U.S. population.
- DraftKings is live with its Sportsbook and iGaming products in Ontario, Canada, which represents approximately 40% of Canada's population.
- DraftKings expects to launch its Sportsbook product in Puerto Rico pending market access, licensure, regulatory approvals, and contractual approvals where applicable.
- To date in 2024, 10 jurisdictions that collectively represent approximately 12% of the U.S. population have either introduced legislation to legalize mobile sports betting or introduced a bill that may result in a mobile sports betting referendum during an upcoming election. In addition, 6 jurisdictions that collectively represent approximately 13% of the U.S. population have either introduced legislation to legalize iGaming or introduced a bill that may result in an iGaming referendum during an upcoming election.

Non-GAAP Financial Measures

This press release includes Adjusted EBITDA, Adjusted Earnings (Loss) Per Share and Free Cash Flow, which are non-GAAP financial measures that DraftKings uses to supplement its results presented in accordance with U.S. generally accepted accounting principles ("GAAP"). The Company believes Adjusted EBITDA, Adjusted Earnings (Loss) Per Share and Free Cash Flow are useful in evaluating its operating performance, similar to measures reported by its publicly-listed U.S. competitors, and regularly used by security analysts, institutional investors and other interested parties in analyzing operating performance and prospects. Adjusted EBITDA, Adjusted Earnings (Loss) Per Share and Free Cash Flow are not intended to be substitutes for any GAAP financial measures, and, as calculated, may not be comparable to other similarly titled measures of performance of other companies in other industries or within the same industry.

DraftKings defines and calculates Adjusted EBITDA as net income (loss) before the impact of interest income or expense (net), income tax provision or benefit, and depreciation and amortization, and further adjusted for the following items: stock-based compensation; transaction-related costs; litigation, settlement and related costs; advocacy and other related legal expenses; gain or loss on remeasurement of warrant liabilities; and other non-recurring and non-operating costs or income, as described in the reconciliation below.

DraftKings defines and calculates Adjusted Earnings (Loss) Per Share as basic and diluted earnings (loss) per share attributable to common stockholders before the impact of amortization of acquired intangible assets; stock-based compensation; transaction-related costs; litigation, settlement and related costs; advocacy and other related legal expenses; gain or loss on remeasurement of warrant liabilities; and other non-recurring and non-operating costs or income, as described in the reconciliation below.

DraftKings defines and calculates Free Cash Flow as Adjusted EBITDA less investments into property and equipment and capitalized software, adjusted for sources or uses of cash from changes in net working capital and sources or uses of cash from net cash interest, and less corporate cash taxes paid.

DraftKings includes these non-GAAP financial measures because they are used by management to evaluate the Company's core operating performance and trends and to make strategic decisions regarding the allocation of capital and new investments. Adjusted EBITDA, Adjusted Earnings (Loss) Per Share and Free Cash Flow exclude certain expenses that are required in accordance with GAAP because they are non-recurring items (for example, in the case of transaction-related costs and advocacy and other related legal expenses), non-cash expenditures (for example, in the case of amortization of acquired intangible assets, depreciation and amortization, remeasurement of warrant liabilities and stock-based compensation), or non-operating items which are not related to the Company's underlying business performance (for example, in the case of interest income and expense and litigation, settlement and related costs).

The unaudited table below presents the Company's Adjusted EBITDA reconciled to its net income (loss), which is the most directly comparable financial measure calculated in accordance with GAAP, for the periods indicated:

Information reconciling forward-looking fiscal year 2024 and fiscal year 2025 Adjusted EBITDA guidance to its most directly comparable GAAP financial measure is unavailable to DraftKings without unreasonable effort due to, among other things, certain items required for such reconciliations being outside of DraftKings' control and/or not being able to be reasonably predicted. Preparation of such reconciliations would require a forward-looking balance sheet, statement of income and statement of cash flow, prepared in accordance with GAAP, and such forward-looking financial statements are unavailable to the Company without unreasonable effort. DraftKings provides a range for its Adjusted EBITDA forecast that it believes will be achieved; however, the Company cannot provide any assurance that it can predict all of the components of the Adjusted EBITDA calculation. DraftKings provides a forecast for Adjusted EBITDA because it believes that Adjusted EBITDA, when viewed with DraftKings' results calculated in accordance with GAAP, provide useful information for the reasons noted above. However, Adjusted EBITDA is not a measure of financial performance or liquidity under GAAP and, accordingly, should not be considered as alternatives to net income (loss) or cash flow from operating activities or as indicators of operating performance or liquidity.
