November 7, 2024

BOSTON, Nov. 07, 2024 (GLOBE NEWSWIRE) -- DraftKings Inc. (Nasdaq: DKNG) ("DraftKings" or the "Company") today announced results for the third quarter of 2024. The Company also posted a third quarter 2024 business update and an earnings presentation on the Investor Relations section of its website at investors.draftkings.com.

### **Third Quarter 2024 Highlights**

For the three months ended September 30, 2024, DraftKings reported revenue of \$1,095 million, an increase of \$306 million, or 39%, compared to \$790 million during the same period in 2023. The increase in the Company's third quarter 2024 revenue was driven primarily by continued healthy customer engagement, efficient acquisition of new customers, the expansion of the Company's Sportsbook product offering into new jurisdictions, higher structural sportsbook hold percentage, improved promotional reinvestment for Sportsbook and iGaming, and the impact of the acquisition of Jackpocket Inc. ("Jackpocket"), which closed on May 22, 2024.

"DraftKings delivered strong performance in the third quarter with the return of NFL and college football," said Jason Robins, DraftKings' Chief Executive Officer and Co-founder. "With major sports converging on the calendar, we are well-positioned to build on this momentum as we further enhance our top-ranked sportsbook app with additional live betting features and exciting new NBA markets. Our focus remains on driving sustainable revenue growth and profitability in 2025 and beyond."

"We achieved healthy results across our core value drivers in the third quarter with efficient customer acquisition and promotional reinvestment as well as improvement in our structural sportsbook hold percentage," said Alan Ellingson, DraftKings' Chief Financial Officer. "The midpoint of our inaugural fiscal year 2025 revenue guidance equates to 31% year-over-year growth, and we are well-positioned to deliver \$900 million to \$1 billion of Adjusted EBITDA in 2025."

### Continued Healthy Growth in Customer Retention, Acquisition, and Engagement

- Monthly Unique Payers ("MUPs") increased to 3.6 million average monthly unique paying customers in the third quarter of 2024, representing an increase of 55% compared to the third quarter of 2023. This increase reflects strong unique player acquisition and retention across DraftKings' Sportsbook and iGaming products, the expansion of its Sportsbook product into new jurisdictions and the impact of the acquisition of Jackpocket. Excluding the impact of the acquisition of Jackpocket, MUPs increased by approximately 27% compared to the third quarter of 2023.
- Average Revenue per MUP ("ARPMUP") was \$103 in the third quarter of 2024, representing a 10% decrease compared to
  the same period in 2023. The decrease was primarily due to lower ARPMUP for Jackpocket customers, when compared to
  customers of DraftKings' existing product offerings prior to the acquisition, partially offset by improvement in the Company's
  structural Sportsbook hold percentage and improved promotional reinvestment for Sportsbook and iGaming. Excluding the
  impact of the acquisition of Jackpocket, ARPMUP increased approximately 8% compared to the third quarter of 2023.
- Detailed financial data and other information for the third quarter of 2024 is available in the financial statements set forth below under the caption "Financial Results."

### Fiscal Year 2024 and 2025 Guidance

- DraftKings is introducing a fiscal year 2025 revenue guidance range of \$6.2 billion to \$6.6 billion, which equates to approximately 31% year-over-year growth based on the midpoints of the Company's updated fiscal year 2024 revenue guidance range and the Company's fiscal year 2025 revenue guidance range.
- DraftKings continues to expect fiscal year 2025 Adjusted EBITDA to be in the range of \$900 million to \$1.0 billion, which the Company previously announced on August 1, 2024.
- DraftKings is revising its fiscal year 2024 revenue guidance due to the impact of customer-friendly sport outcomes early in the fourth quarter of 2024 to a range of \$4.85 billion to \$4.95 billion from the range of \$5.05 billion to \$5.25 billion, which the Company previously announced on August 1, 2024. The Company's updated 2024 revenue guidance range equates to year-over-year growth of 32% to 35%.
- DraftKings is revising its fiscal year 2024 Adjusted EBITDA guidance due to the impact of customer-friendly sport outcomes early in the fourth guarter of 2024, partially offset by promotional optimization and expense efficiency. The

Company now expects fiscal year 2024 Adjusted EBITDA of between \$240 million and \$280 million compared to its prior fiscal year 2024 Adjusted EBITDA guidance of between \$340 million and \$420 million, which the Company previously announced on August 1, 2024.

- The Company's guidance for fiscal years 2024 and 2025 includes all of its existing mobile sports betting and iGaming jurisdictions as well as Jackpocket.
- DraftKings' revenue and Adjusted EBITDA guidance for fiscal years 2024 and 2025 does not include the impact of mobile sports betting launching in Missouri. DraftKings expects to launch its Sportsbook product in Missouri pending market access, licensure, regulatory approvals, and contractual approvals where applicable.

### **Mobile Sports Betting and iGaming Footprint**

- DraftKings is live with mobile sports betting in 25 states and Washington, D.C. which collectively represent approximately 49% of the U.S. population.
- DraftKings is also live with iGaming in 5 states, representing approximately 11% of the U.S. population.
- DraftKings is live with its Sportsbook and iGaming products in Ontario, Canada, which represents approximately 40% of Canada's population.

### **Non-GAAP Financial Measures**

This press release includes Adjusted EBITDA and Adjusted Earnings (Loss) Per Share, which are non-GAAP financial measures that DraftKings uses to supplement its results presented in accordance with U.S. generally accepted accounting principles ("GAAP"). The Company believes Adjusted EBITDA and Adjusted Earnings (Loss) Per Share are useful in evaluating its operating performance, similar to measures reported by its publicly-listed U.S. competitors, and regularly used by security analysts, institutional investors and other interested parties in analyzing operating performance and prospects. Adjusted EBITDA and Adjusted Earnings (Loss) Per Share are not intended to be substitutes for any GAAP financial measures, and, as calculated, may not be comparable to other similarly titled measures of performance of other companies in other industries or within the same industry.

DraftKings defines and calculates Adjusted EBITDA as net income (loss) before the impact of interest income or expense (net), income tax provision or benefit, and depreciation and amortization, and further adjusted for the following items: stock-based compensation; transaction-related costs; litigation, settlement and related costs; advocacy and other related legal expenses; gain or loss on remeasurement of warrant liabilities; and other non-recurring and non-operating costs or income, as described in the reconciliation below.

DraftKings defines and calculates Adjusted Earnings (Loss) Per Share as basic or diluted earnings (loss) per share attributable to common stockholders before the impact of amortization of acquired intangible assets; stock-based compensation; transaction-related costs; litigation, settlement and related costs; advocacy and other related legal expenses; gain or loss on remeasurement of warrant liabilities; and other non-recurring and non-operating costs or income, as described in the reconciliation below.

DraftKings includes these non-GAAP financial measures because they are used by management to evaluate the Company's core operating performance and trends and to make strategic decisions regarding the allocation of capital and new investments. Adjusted EBITDA and Adjusted Earnings (Loss) Per Share exclude certain expenses that are required in accordance with GAAP because they are non-recurring items (for example, in the case of transaction-related costs and advocacy and other related legal expenses), non-cash expenditures (for example, in the case of amortization of acquired intangible assets, depreciation and amortization, remeasurement of warrant liabilities and stock-based compensation), or non-operating items which are not related to the Company's underlying business performance (for example, in the case of interest income and expense and litigation, settlement and related costs).

The unaudited table below presents the Company's Adjusted EBITDA reconciled to its net income (loss), which is the most directly comparable financial measure calculated in accordance with GAAP, for the periods indicated:

This adjustment excludes (i) costs relating to advocacy efforts and other legal expenses in jurisdictions where DraftKings does not operate that are incurred in the ordinary course of business and (ii) costs relating to advocacy efforts and other legal expenses incurred in jurisdictions where related legislation has been passed and DraftKings currently operates.
- (6) Primarily includes the change in fair value of certain financial assets, as well as the Company's equity method share of the investee's losses and other costs relating to non-recurring and non-operating items, in each case per share. For the three and nine months ended September 30, 2024, this amount also includes \$27.8 million in expense related to the discontinuance of our Reignmakers product offering, \$7.5 million in expenses related to the termination of a market access agreement, and a \$5.8 million loss on the sale of VSIN. Information reconciling forward-looking fiscal year 2024 and fiscal year 2025 Adjusted EBITDA guidance to its most directly comparable GAAP financial measure is unavailable to DraftKings without unreasonable effort due to, among other things, certain items required for such reconciliations being outside of DraftKings' control and/or not being able to be reasonably predicted. Preparation of such reconciliations would require a forward-looking balance sheet, statement of income and statement of cash flow, prepared in accordance with GAAP, and such forward-looking financial statements are unavailable to the Company without unreasonable effort. DraftKings provides a range for its Adjusted EBITDA forecast that it believes will be achieved; however, the Company cannot provide any assurance that it can predict all of the components of the Adjusted EBITDA calculation.

<sup>(1)</sup> The Company recorded a discrete income tax benefit of \$75.8 million during the second quarter of 2024 which was attributable to non-recurring partial releases of the Company's U.S. valuation allowance as a result of the purchase accounting for Jackpocket.

DraftKings provides a forecast for Adjusted EBITDA because it believes that Adjusted EBITDA, when viewed with DraftKings' results calculated in accordance with GAAP, provide useful information for the reasons noted above. However, Adjusted EBITDA is not a measure of financial performance or liquidity under GAAP and, accordingly, should not be considered as alternatives to net income (loss) or cash flow from operating activities or as indicators of operating performance or liquidity.
