EXPLANATORY NOTE

On April 23, 2020, Diamond Eagle Acquisition Corp., our predecessor company (“DEAC”), consummated the previously announced business combination (the “Business Combination”) with DraftKings Inc., a Delaware corporation (“Old DK”) and SBTech (Global) Limited, a company limited by shares, incorporated in Gibraltar and continued as a company under the Isle of Man Companies Act 2006, with registration number 014119V (“SBTech”), pursuant to which (i) DEAC merged with and into DEAC NV Merger Corp., a Nevada corporation and a wholly-owned subsidiary of DEAC (“DEAC Nevada”), with DEAC Nevada surviving the merger (the “reincorporation”), (ii) following the reincorporation, DEAC Merger Sub Inc., a Delaware corporation and a wholly-owned subsidiary of DEAC (“Merger Sub”), merged with and into Old DK, with Old DK surviving the merger (the “DK Merger”) and (iii) immediately following the DK Merger, DEAC Nevada acquired all of the issued and outstanding share capital of SBTech.

Upon consummation of the Business Combination, each of Old DK and SBTech became direct wholly-owned subsidiaries of DEAC Nevada, which was renamed DraftKings Inc. (“New DraftKings” or “DraftKings”). NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Organization and Business Operations

Incorporation

Diamond Eagle Acquisition Corp., our predecessor, was incorporated as a Delaware corporation on March 27, 2019.

Subsidiaries

In connection with the business combination (the “Business Combination”) with DraftKings Inc., a Delaware corporation (“Old DK” or “DK”), and SBTech (Global) Limited, a company limited by shares, incorporated in Gibraltar and continued as a company under the Isle of Man Companies Act 2006, with registration number 014119V (“SBTech” or “SBT”), the Company formed a wholly-owned subsidiary, DEAC Merger Sub Inc., which was incorporated in Delaware on December 9, 2019 (“Merger Sub”). Merger Sub did not have any activity as of March 31, 2020.

Also in connection with the Business Combination, the Company formed another wholly-owned subsidiary, DEAC NV Merger Corp. (“DEAC Nevada”), which was incorporated in Nevada on November 13, 2019. DEAC Nevada did not have any activity as of March 30, 2020. In connection with the Business Combination, DEAC Nevada changed its name to DraftKings Inc. and, by operation of Rule 12g-3(a) under the Exchange Act of 1934, as amended (the “Exchange Act”), became the successor issuer to DEAC and succeeded to the attributes of DEAC as the registrant, including DEAC’s SEC file number (001-38908) and CIK Code (0001772757).

Sponsor

The Company’s sponsor is Eagle Equity Partners, LLC, a Delaware limited liability company (the “Sponsor”).

Fiscal Year End

The Company has selected December 31 as its fiscal year end.

Business Purpose

The Company was formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or other similar business combination with one or more operating businesses. The Company had neither engaged in any operations nor generated significant revenue through March 31, 2020.

Business Combination

On December 22, 2019, the Company entered into a business combination agreement (as amended, the “Business Combination Agreement”) with Old DK, SBTech, the shareholders of SBTech (the “SBT Sellers”), Shalom Meckenzie, in his capacity as the SBT Sellers’ Representative, DEAC Nevada and Merger Sub, pursuant to which (i) the Company changed its jurisdiction of incorporation to Nevada by merging with and into DEAC Nevada, with DEAC Nevada surviving the merger (the “reincorporation”), (ii) Merger Sub merged with and into Old DK with Old DK surviving the merger (the “DK Merger”), and (iii) immediately following the DK Merger, New DraftKings (as defined below) acquired all of the issued and outstanding share capital of SBTech.

The aggregate value of the consideration paid to Old DK and SBTech shareholders in the Business Combination was approximately \$2.7 billion, of which (A) approximately \$2.055 billion was paid to (i) the current equityholders of Old DK (the “DK Sellers”) in the form of shares of Class A common stock of New DraftKings (“New DraftKings Class A common stock”), valued at the redemption price for the Company’s public shares in the Business Combination and (ii) holders of vested in-the-money options and warrants exercisable for DK equity in the form of newly issued options and warrants of New DraftKings exercisable for New DraftKings Class A common stock, and (B) approximately €590 million was paid to the SBT Sellers and holders of vested options exercisable for equity of SBT, consisting of (i) €180 million in cash, subject to customary net debt and working capital adjustments as well as certain other specified items (the “Cash Consideration”) payable in respect of the ordinary shares of SBT and 30% of the in-the-money vested options of SBT and (ii) approximately €410 million in shares of New DraftKings Class A common stock, valued at the redemption price for the Company’s public shares in the Business Combination, and in the form of newly issued in-the-money vested options of New DraftKings exercisable for New DraftKings Class A common stock. Outstanding unvested options exercisable for DK or SBT equity (other than cashed-out options of SBT, for which the holders received a portion of the Cash Consideration for such options) converted into options exercisable for shares of New DraftKings Class A common stock. After the execution of the BCA, DK granted restricted stock units to certain of its employees, which converted into restricted stock units denominated in New DraftKings Class A common stock. The Cash Consideration came from the following sources: (1) proceeds available from the Company’s Trust Account, after giving effect to all redemptions; and (2) proceeds from private placements of shares of the Company’s Class A common stock to certain institutional investors immediately prior to the closing of the Business Combination for \$304.7 million of proceeds. In addition, in connection with the Business Combination, Jason Robins received shares of Class B common stock of New DraftKings (“New DraftKings Class B common stock”) such that as of immediately following the completion of the Business Combination, Mr. Robins held approximately ninety percent (90%) of the voting power of the capital stock of New DraftKings on a fully-diluted basis.

On April 23, 2020, the Company consummated the Business Combination. In connection with the closing of the Business Combination (the “Closing”), DEAC discontinued its existence as a Delaware company by merging with and into DEAC Nevada, with DEAC Nevada surviving the merger as a Nevada corporation (the “reincorporation”). In addition, upon the Closing, Old DK and SBTech became wholly-owned subsidiaries of DEAC Nevada and DEAC Nevada changed its name to DraftKings Inc. (“New DraftKings” or “DraftKings”). References to the “Company” in these notes to the unaudited condensed consolidated financial statements refer to either DEAC before the Business Combination or New DraftKings after the Business Combination, as the context suggests.

PIPE Investment and Convertible Notes

In connection with satisfying the Minimum Proceeds Condition (as defined in the Business Combination Agreement), the Company entered into subscription agreements (the “Subscription Agreements”), each dated as of December 22, 2019, with certain institutional investors (the “Investors”), pursuant to which, among other things, the Company agreed to issue and sell, in private placements, an aggregate of 30,471,352 shares of Class A common stock for \$10.00 per share and an aggregate of 3,000,000 warrants to purchase shares of Class A common stock (the “PIPE Investment”). The warrants have terms identical to New DraftKings’ publicly traded warrants.

On and after December 16, 2019, Old DK issued subordinated convertible promissory notes to certain investors in an aggregate principal amount of approximately \$109.2 million (the “Convertible Notes”). Pursuant to the terms of the Convertible Notes, the outstanding principal and accrued interest on the Convertible Notes converted immediately prior to the reincorporation into shares of Class A common stock, at a price per share equal to the price per share paid by the Investors in the PIPE Investment, which resulted in the issuance of 11,254,479 shares of Class A common stock on the Closing Date.

The PIPE Investment closed immediately prior to the Business Combination on the Closing Date. The shares of Class A common stock issued to the Investors and upon conversion of the Convertible Notes, were converted into shares of DraftKings’ Class A common stock upon consummation of the reincorporation and the Business Combination.

The shares issued to the Investors in the PIPE Investment and to the holders of Convertible Notes on the Closing Date were issued pursuant to and in accordance with the exemption from registration under the Securities Act, under Section 4(a)(2) and/or Regulation D promulgated under the Securities Act.

For more information, please see the Registration Statement on Form S-1, originally filed by DEAC NV on April 15, 2020.

Financing

The registration statement for the Company's initial public offering (the "Public Offering") (as described in Note 3) was declared effective by the United States Securities and Exchange Commission (the "SEC") on May 10, 2019. The Company consummated the Public Offering on May 14, 2019, and, simultaneously with the closing of the Public Offering, the Sponsor and Harry E. Sloan purchased an aggregate of 6,333,334 warrants in a private placement (as described in Note 4) for a total purchase price of approximately \$9,500,000. The closing of the Public Offering included a partial exercise (5,000,000 units) of the over-allotment option granted to the underwriters.

Upon the closing of the Public Offering and the private placement, \$400,000,000 was placed in a Trust Account with Continental Stock Transfer & Trust Company acting as trustee (the "Trust Account").

Trust Account

The proceeds held in the Trust Account were invested in permitted United States "government securities" within the meaning of Section 2(a)(16) of the Investment Company Act of 1940, as amended (the "Investment Company Act"), having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act that invest only in direct U.S. government treasury obligations.

The Company's amended and restated certificate of incorporation (the "Charter") as of prior to the Business Combination provided that, other than the withdrawal of interest earned on the funds that may be released to the Company to fund working capital requirements (subject to an annual limit of \$250,000) and/or to pay taxes, none of the funds held in the Trust Account will be released until the earlier of: (i) the completion of an initial business combination; (ii) the redemption of any of the shares of Class A common stock, par value \$0.0001 per share (the "Class A Common Stock") included in the Units sold in the Public Offering properly submitted in connection with a stockholder vote to amend the Charter to modify the substance or timing of the Company's obligation to redeem 100% of the common stock included in the Units being sold in the Public Offering if the Company does not complete an initial business combination within 24 months from the closing of the Public Offering or with respect to any other material provisions relating to stockholders' rights or pre-initial business combination activity or (iii) the redemption of 100% of the shares of Class A Common Stock included in the Units sold in the Public Offering if the Company was unable to complete an initial business combination within 24 months from the closing of the Public Offering. In connection with the Closing, the Company withdrew \$404,981,569 of funds from the Trust Account to partially fund the Business Combination, pay transaction costs associated therewith and fund participant share redemptions.

Emerging Growth Company

Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act of 1933, as amended (the "Securities Act") registration statement declared effective or do not have a class of securities registered under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. We have elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, we, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company's financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accountant standards used.

2. Significant Accounting Policies

Basis of Presentation

These unaudited condensed consolidated financial statements of the Company are presented in U.S. dollars in conformity with accounting principles generally accepted in the United States of America ("GAAP") and pursuant to the rules and regulations of the SEC. The interim financial information provided is unaudited, but includes all adjustments which management considers necessary for the fair presentation of the results for these periods. Operating results for interim periods are not necessarily indicative of the results that may be expected for the full year period and should be read in conjunction with the Company's audited financial statements and notes thereto included in the Company's Form 10-K filed with the SEC on March 12, 2020.

Net Income (Loss) Per Share

Net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of common shares outstanding for the period. Diluted net income per share reflects the potential dilution that could occur if warrants were to be exercised or converted or otherwise resulted in the issuance of Common Stock that then shared in the earnings of the entity.

For the three months ended March 31, 2020, the Company had potentially dilutive securities in the form of 19,666,667 warrants, including 13,333,333 warrants issued as part of the Public Units and 6,333,334 Private Placement Warrants issued in the Private Placement. Of the total warrants outstanding for the period then ended, approximately 2,615,800 and 1,242,505 represent incremental shares of common stock, based on their assumed exercise, to be included in the weighted average number of shares of Class A common stock outstanding under the treasury stock method for the calculation of diluted income per share of Class A common stock. The Company uses the “treasury stock method” to calculate potential dilutive shares, as if they were redeemed for common stock at the beginning of the period.

The Company’s unaudited condensed consolidated statement of operations includes a presentation of net income per share for common shares subject to redemption in a manner similar to the two-class method of net income (loss) per share. Net income (loss) per common share for basic and diluted Class A common stock is calculated by dividing the interest income earned on the Trust Account, net of applicable franchise taxes of \$50,000, working capital up to \$250,000 annually, and income taxes of \$246,289, by the weighted average number of Class A common stock for the period. Net loss per common share for basic and diluted for Class B common stock is calculated by dividing the net income, which excludes income attributable to Class A common stock, by the weighted average number of Class B common stock outstanding for the period.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentration of credit risk consist of cash accounts in a financial institution which, at times, may exceed the Federal depository insurance coverage of \$250,000. The Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Fair Value of Financial Instruments

The fair value of the Company’s assets and liabilities, which qualify as financial instruments under FASB ASC 820, “Fair Value Measurements and Disclosures,” approximates the carrying amounts represented in the balance sheet with the exception of investments in the Trust Account which are carried at amortized cost.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Offering Costs

The Company complies with the requirements of the ASC 340-10-S99-1. Offering costs of \$22,555,870 consisting principally of underwriters’ discounts of \$22,000,000 (including \$14,000,000 of which payment is deferred) and \$555,870 of professional, printing, filing, regulatory and other costs were charged to additional paid-in capital upon completion of the Public Offering.

Income Taxes

The Company complies with the accounting and reporting requirements of Financial Accounting Standards Board Accounting Standard Codification, or FASB ASC, 740, "Income Taxes," which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

There were no unrecognized tax benefits as of March 31, 2020 and December 31, 2019. FASB ASC 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties at March 31, 2020 and December 31, 2019. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. The Company is subject to income tax examinations by major taxing authorities since inception. As of March 31, 2020 and December 31, 2019, the Company's taxable income primarily consisted of interest income on the Trust Account. The Company's general and administrative costs are generally considered start-up and business combination costs and are not currently deductible. During the three months ended March 31, 2020, and the period from March 27, 2019 (inception) to March 31, 2019, the Company recorded income tax expense of \$246,289 and nil, respectively.

Recent Accounting Pronouncements

Management does not believe that any recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's unaudited condensed consolidated financial statements.

3. Public Offering

Public Units

In the Public Offering, which closed May 14, 2019, the Company sold 40,000,000 Units at a price of \$10.00 per Unit. Each Unit consists of one share of Class A Common Stock and one-third of one redeemable warrant (each whole warrant, a "Warrant"). Each whole Warrant entitles the holder to purchase one share of Class A Common Stock at a price of \$11.50 per share. Each Warrant will become exercisable on the later of 30 days after the completion of our initial business combination and 12 months from the closing of the Public Offering. The exercise price and number of shares of Class A Common Stock issuable upon exercise of the Warrants may be adjusted in certain circumstances including in the event of a stock dividend, or recapitalization, reorganization, merger or consolidation.

The Company granted the underwriters a 45-day option to purchase up to 5,250,000 additional Units to cover any over-allotment, at the Public Offering price less the underwriting discounts and commissions. The Company issued 5,000,000 Units in connection with the underwriters' partial exercise of the over-allotment option.

Underwriting Commissions

The Company paid an underwriting discount of \$8,000,000 (\$0.20 per Unit sold) to the underwriters at the closing of the Public Offering on May 14, 2019, with an additional fee ("Deferred Discount") of \$14,000,000 (\$0.35 per Unit sold) payable upon the Company's completion of an initial business combination. The Deferred Discount becomes payable to the underwriters from the amounts held in the Trust Account solely in connection with the closing of its initial business combination.

Subsequent to March 31, 2020, in connection with the consummation of the Business Combination, the Company paid the Deferred Discount in full.

4. Related Party Transactions

Founder Shares

On March 28, 2019, the Sponsor received 10,062,500 shares of Class B common stock (the “Founder Shares”) in exchange for a capital contribution of \$25,000, or approximately \$0.002 per share.

The Founder Shares are identical to the shares of Class A Common Stock included in the Units sold in the Public Offering except that the Founder Shares are subject to certain transfer restrictions, as described in more detail below.

On April 10, 2019, the Sponsor transferred 4,930,625 Founder Shares to Harry E. Sloan (together with the Sponsor, the “initial stockholders”) for a purchase price of \$12,250 (the same per-share price initially paid by the Sponsor), resulting in the Sponsor holding 5,131,875 Founder Shares. On May 10, 2019, the Sponsor and Mr. Sloan each forfeited at no cost 31,875 and 30,625 Founder Shares, respectively, to the Company in connection with the election by the underwriters of the Public Offering to exercise their over-allotment option in part and not in full, resulting in an aggregate of 10,000,000 Founder Shares outstanding. On December 31, 2019, the Sponsor transferred an aggregate of 80,000 Founder Shares to each of the Company’s independent directors.

The initial stockholders and the Company’s independent directors agreed not to transfer, assign or sell any of their Founder Shares until the earlier of (A) one year after the completion of the Company’s initial business combination, or earlier if, subsequent to the Company’s initial business combination, the closing price of the Company’s common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after the Company’s initial business combination, and (B) the date on which the Company completes a liquidation, merger, capital stock exchange or other similar transaction after the initial business combination that results in all of the Company’s stockholders having the right to exchange their common stock for cash, securities or other property.

Private Placement Warrants

In conjunction with the Public Offering, the Sponsor and Harry E. Sloan purchased an aggregate of 6,333,334 Private Placement Warrants, at a price of \$1.50 per warrant (approximately \$9,500,000 in the aggregate) in the IPO Private Placement. Each Private Placement Warrant entitles the holder to purchase one share of Class A Common Stock at \$1.50 per share. A portion of the purchase price of the Private Placement Warrants was added to the proceeds from the Public Offering to be held in the Trust Account such that at closing of the Public Offering, \$400,000,000 was placed in the Trust Account. On December 31, 2019, the Sponsor transferred an aggregate of 333,332 Private Placement Warrants to certain of the Company’s independent directors.

The Private Placement Warrants (including the shares of common stock issuable upon exercise of the Private Placement Warrants) are not transferable, assignable or salable until 30 days after the completion of the Business Combination and they are non-redeemable for cash so long as they are held by the initial purchasers of the Private Placement Warrants or their permitted transferees. If the Private Placement Warrants are held by someone other than the initial purchasers of the Private Placement Warrants or their permitted transferees, the Private Placement Warrants will be redeemable for cash by the Company and exercisable by such holders on the same basis as the warrants included in the Units sold in the Public Offering. Otherwise, the Private Placement Warrants have terms and provisions that are identical to those of the Warrants sold as part of the Units in the Public Offering and have no net cash settlement provisions.

Registration Rights

The holders of the Founder Shares, Private Placement Warrants and Warrants that may be issued upon conversion of working capital loans (and any Class A common stock issuable upon the exercise of the Private Placement Warrants and warrants that may be issued upon conversion of working capital loans and upon conversion of the Founder Shares) are entitled to registration rights pursuant to a registration rights agreement, requiring the Company to register such securities for resale. The holders of these securities are entitled to make up to three demands, excluding short form demands, that we register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to our completion of our initial business combination. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

In connection with the Business Combination, the holders of these securities entered into the Stockholders Agreement (as defined below). See Note 8.

Sponsor Loans

The Sponsor agreed to loan the Company up to an aggregate of \$300,000 by the issuance of an unsecured promissory note (the “Note”) to cover expenses related to the Public Offering. The Note was payable without interest on the earlier of December 31, 2019 or the completion of the Public Offering. Upon completion of the Public Offering, \$60,875 under the Note was repaid in full. As of March 31, 2020 and December 31, 2019, there was no outstanding balance under the Note.

Administrative Services Agreement

The Company entered into an administrative services agreement in which the Company reimbursed an affiliate of the Sponsor for office space, utilities and secretarial and administrative services provided to members of the Company’s management team in an amount not to exceed \$15,000 per month. For the three months ended March 31, 2020 and the period from March 27, 2019 (inception) to March 31, 2019, the Company incurred \$45,000 and nil, respectively, of administrative services expenses under the arrangement.

The Company ceased paying these monthly fees upon the Closing.

Working Capital Loans

In order to finance transaction costs in connection with an intended initial business combination, the Sponsor or an affiliate of the Sponsor or certain of the Company’s officers and directors may, but are not obligated to, loan the Company funds as may be required. Up to \$1,500,000 of such loans may be convertible into warrants of the post-Business Combination entity at a price of \$1.50 per warrant at the option of the lender. Such warrants would be identical to the private placement warrants. The terms of such loans have not been determined and no written agreements exist with respect to such loans. No amounts were borrowed under this arrangement as of March 31, 2020 and December 31, 2019.

Risks and Uncertainties

Management is currently evaluating the impact of the COVID-19 pandemic on the industry and has concluded that while it is reasonably possible that the virus could have a negative effect on the Company’s financial position and results of its operations, the specific impact is not readily determinable as of the date of these unaudited condensed consolidated financial statements. The unaudited condensed consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

5. Commitments and Contingencies

Underwriting Agreement

As of March 31, 2020, the Company was committed to pay the Deferred Discount totaling \$14,000,000, or 3.5% of the gross offering proceeds of the Public Offering, to the underwriters upon the Company’s consummation of an initial business combination.

In connection with the Closing, the Company paid the Deferred Discount in full.

6. Trust Account

The fair value of the Company's financial assets and liabilities reflects management's estimate of amounts that the Company would have received in connection with the sale of the assets or paid in connection with the transfer of the liabilities in an orderly transaction between market participants at the measurement date. In connection with measuring the fair value of its assets and liabilities, the Company seeks to maximize the use of observable inputs (market data obtained from independent sources) and to minimize the use of unobservable inputs (internal assumptions about how market participants would price assets and liabilities). The following fair value hierarchy is used to classify assets and liabilities based on the observable inputs and unobservable inputs used in order to value the assets and liabilities:

- Level 1: Quoted prices in active markets for identical assets or liabilities. An active market for an asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2: Observable inputs other than Level 1 inputs. Examples of Level 2 inputs include quoted prices in active markets for similar assets or liabilities and quoted prices for identical assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs based on our assessment of the assumptions that market participants would use in pricing the asset or liability.

The following table presents information about the Company's assets that are measured at fair value on a recurring basis at March 31, 2020 and indicates the fair value hierarchy of the valuation inputs the Company utilized to determine such fair value:

Description	Level	March 31, 2020
Assets:		
Marketable securities held in Trust Account – U.S. Treasury Securities Money Market Fund	1	\$ 405,002,234

Transfers to/from Levels 1, 2, and 3 are recognized at the end of the reporting period. There were no transfers between levels for the three months ended March 31, 2020.

Level 1 instruments include investments in money market funds and U.S. Treasury securities. The Company uses inputs such as actual trade data, benchmark yields, quoted market prices from dealers or brokers, and other similar sources to determine the fair value of its investments.

As of December 31, 2019, investment securities in the Company's Trust Account consisted of \$403,960,089 in United States Treasury Bills and another \$1,120 held as cash and cash equivalents. The Company classifies its Treasury Instruments and equivalent securities as held-to-maturity in accordance with FASB ASC 320 "Investments - Debt and Equity Securities". Held-to-maturity securities are those securities which the Company has the ability and intent to hold until maturity. Held-to-maturity treasury securities are recorded at amortized cost on the accompanying December 31, 2019 consolidated balance sheet and adjusted for the amortization or accretion of premiums or discounts. The following table presents information about the Company's assets that are measured at fair value on a recurring basis as of December 31, 2019 and indicates the fair value hierarchy of the valuation techniques the Company utilized to determine such fair value. In addition, the table presents the carrying value under ASC 320, excluding accrued interest income and gross unrealized holding gain. Since all of the Company's permitted investments consist of U.S. government treasury bills and cash, fair values of its investments are determined by Level 1 inputs utilizing quoted prices (unadjusted) in active markets for identical assets as follows:

	Carrying Value at December 31, 2019	Gross unrealized Holding Gain	Quoted prices in Active Markets (Level 1)
Treasury Securities Held as of December 31, 2019 ⁽¹⁾	\$ 403,960,089	\$ 31,347	\$ 403,991,436

(1) Maturity date March 24, 2020.

On April 23, 2020, in connection with the Business Combination, the Company liquidated the Trust Account to fund the Business Combination and related expenses. See Note 8.

7. Stockholders' Equity

Class A Common Stock — DEAC is authorized to issue 380,000,000 shares of Class A common stock with a par value of \$0.0001 per share. At March 31, 2020 and December 31, 2019, there were 40,000,000 shares of Class A common stock issued and outstanding of which, 38,475,795 and 38,427,853, respectively, were classified outside of permanent equity.

Class B Common Stock — DEAC is authorized to issue 20,000,000 shares of Class B common stock with a par value of \$0.0001 per share. Holders of DEAC's Class B common stock are entitled to one vote for each share. At March 31, 2020 and December 31, 2019, there were 10,000,000 shares of Class B common stock issued and outstanding.

Preferred stock — DEAC is authorized to issue 1,000,000 shares of preferred stock with a par value of \$0.0001 per share. At March 31, 2020 and December 31, 2019, there were no shares of preferred stock issued or outstanding.

Warrants — Public Warrants may only be exercised for a whole number of shares. No fractional Public Warrants will be issued upon separation of the Units and only whole Public Warrants will trade. The Public Warrants will become exercisable on the later of (a) 30 days after the completion of an initial business combination or (b) 12 months from the closing of the Public Offering; provided in each case that the Company has an effective registration statement under the Securities Act covering the shares of Class A Common Stock issuable upon exercise of the Public Warrants and a current prospectus relating to them is available (or the Company permits holders to exercise their Public Warrants on a cashless basis and such cashless exercise is exempt from registration under the Securities Act). The Company has agreed that as soon as practicable, but in no event later than 15 business days after the closing of an initial business combination, the Company will use its best efforts to file with the SEC a registration statement for the registration, under the Securities Act, of the shares of Class A Common Stock issuable upon exercise of the Public Warrants. The Company will use its best efforts to cause the same to become effective and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the Public Warrants in accordance with the provisions of the warrant agreement relating to the Warrants. If a registration statement covering the shares of Class A Common Stock issuable upon exercise of the Warrants is not effective by the sixtieth (60th) day after the closing of the initial business combination, warrant holders may, until such time as there is an effective registration statement and during any period when the Company will have failed to maintain an effective registration statement, exercise warrants on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act or another exemption. The Public Warrants will expire five years after the completion of an initial business combination or earlier upon redemption or liquidation.

The Private Placement Warrants are identical to the Public Warrants underlying the Units sold in the Public Offering, except that the Private Placement Warrants and the shares of Class A Common Stock issuable upon exercise of the Private Placement Warrants will not be transferable, assignable or salable until 30 days after the completion of an initial business combination, subject to certain limited exceptions. Additionally, the Private Placement Warrants will be non-redeemable so long as they are held by the initial purchasers or such purchasers' permitted transferees. If the Private Placement Warrants are held by someone other than their initial purchasers or their permitted transferees, the Private Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Public Warrants.

The Company may call the Warrants for redemption (except with respect to the Private Placement Warrants):

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon a minimum of 30 days' prior written notice of redemption; and
- if, and only if, the last reported closing price of the Class A Common Stock equals or exceeds \$18.00 per share for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which the Company sends the notice of redemption to the warrant holders.

Additionally, commencing ninety days after the Warrants become exercisable, the Company may redeem its outstanding Warrants (including the Private Placement Warrants) in whole and not in part, for the number of shares of Class A Common Stock determined by reference to the table set forth in the Company's prospectus relating to the Public Offering based on the redemption date and the "fair market value" of the Class A Common Stock, upon a minimum of 30 days' prior written notice of redemption and if, and only if, the last sale price of the Class A Common Stock equals or exceeds \$10.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) on the trading day prior to the date on which the Company sends the notice of redemption to the warrant holders, if, and only if, the Private Placement Warrants are also concurrently exchanged at the same price (equal to a number of shares of Class A Common Stock) as the outstanding Warrants, as described above and if, and only if, there is an effective registration statement covering the shares of Class A Common Stock issuable upon exercise of the Warrants and a current prospectus relating thereto available throughout the 30-day period after written notice of redemption is given. The "fair market value" of the shares of Class A Common Stock is the average last reported sale price of the Class A Common Stock for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants.

If the Company calls the Warrants for redemption, management will have the option to require all holders that wish to exercise the Warrants to do so on a "cashless basis," as described in the warrant agreement.

The exercise price and number of shares of Class A Common Stock issuable upon exercise of the Warrants may be adjusted in certain circumstances.

8. Subsequent Events

As described in Note 1, the Company completed its initial business combination on April 23, 2020.

In connection with the closing of the Business Combination, the Company paid the Deferred Discount of \$14,000,000 to the underwriters of the Public Offering and paid \$90,172 to redeeming Class A stockholders.

On April 23, 2020, the Company closed the PIPE Investment. *See Note 1.* On April 15, 2020, the Company filed a Registration Statement on Form S-1 registering these shares, which was declared effective by the U.S. Securities and Exchange Commission on April 23, 2020.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

This Quarterly Report on Form 10-Q includes forward-looking statements. These forward-looking statements are based on our current expectations and beliefs concerning future developments and their potential effects on us. There can be no assurance that future developments affecting us will be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. Our forward-looking statements include, but are not limited to, statements regarding our or our management team’s expectations, hopes, beliefs, intentions or strategies regarding the future. In addition, any statements that refer to projections, forecasts or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. The words “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “intends,” “may,” “might,” “plan,” “possible,” “potential,” “predict,” “project,” “should,” “would” and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. Factors that might cause or contribute to such forward-looking statements include, but are not limited to, those set forth in the Risk Factors section of the Company’s registration statement and prospectus for the Company’s offering filed with the SEC. The following discussion should be read in conjunction with our financial statements and related notes thereto included elsewhere in this report.

Overview

We are a former blank check company incorporated on March 27, 2019 under the name Diamond Eagle Acquisition Corp. as a Delaware corporation and formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses. On April 23, 2020, we consummated our Business Combination with Old DK (as defined below) and SBTech (as defined below).

Recent Developments

Business Combination with DraftKings and SBTech

On April 23, 2020, the Company consummated the previously announced business combination with DraftKings Inc. (“Old DK”) and SBTech (Global) Limited (“SBTech”) pursuant to the terms of the business combination agreement, dated as of December 22, 2019 (as amended by Amendment No. 1 thereto, dated April 7, 2020, the “Business Combination Agreement”) that we entered into with Old DK, SBTech, the shareholders of SBTech (the “SBT Sellers”), Shalom Meckenzie, in his capacity as the SBT Sellers’ Representative, DEAC NV Merger Corp., a Nevada corporation and a wholly-owned subsidiary of DEAC (“DEAC Nevada”) and DEAC Merger Sub Inc., a Delaware corporation and a wholly-owned subsidiary of DEAC (“Merger Sub”). Pursuant to the terms of the Business Combination Agreement, (i) DEAC changed its jurisdiction of incorporation to Nevada by merging with and into DEAC Nevada, with DEAC Nevada surviving the merger (the “reincorporation”), (ii) Merger Sub merged with and into Old DK with Old DK surviving the merger (the “DK Merger”), and (iii) immediately following the DK Merger, New DraftKings (as defined below) acquired all of the issued and outstanding share capital of SBTech. In connection with the consummation of the transactions contemplated by the Business Combination Agreement (the “Business Combination”), Old DK and SBTech became wholly owned subsidiaries of DEAC Nevada, which was renamed “DraftKings Inc.”

PIPE Investment and Convertible Notes

In connection with satisfying the Minimum Proceeds Condition (as defined in the Business Combination Agreement), the Company entered into subscription agreements (the “Subscription Agreements”), each dated as of December 22, 2019, with certain institutional investors (the “Investors”), pursuant to which, among other things, the Company agreed to issue and sell, in private placements, an aggregate of 30,471,352 shares of Class A common stock, par value \$0.0001 per share (“Class A common stock”) for \$10.00 per share and an aggregate of 3,000,000 warrants to purchase shares of Class A common stock (the “PIPE Investment”). The warrants have terms identical to the Company’s publicly traded warrants.

On and after December 16, 2019, Old DK issued subordinated convertible promissory notes to certain investors in an aggregate principal amount of approximately \$109.2 million (the “Convertible Notes”). Pursuant to the terms of the Convertible Notes, the outstanding principal and accrued interest on the Convertible Notes converted immediately prior to the reincorporation into shares of Class A common stock, at a price per share equal to the price per share paid by the Investors in the PIPE Investment, which resulted in the issuance of 11,254,479 shares of Class A common stock at the closing of the Business Combination (the “Closing Date”).

The PIPE Investment closed immediately prior to the Business Combination on the Closing Date. The shares of Class A common stock issued to the Investors and upon conversion of the Convertible Notes, were converted into shares of New DraftKings’ Class A common stock, par value \$0.0001 per share (“New DraftKings Class A common stock”) upon consummation of the reincorporation and the Business Combination. On April 15, 2020, the Company filed a Registration Statement on Form S-1 registering these shares, which was declared effective by the U.S. Securities and Exchange Commission on April 23, 2020.

Results of Operations and Known Trends or Future Events

Through March 31, 2020, we had neither engaged in any significant business operations nor generated any revenues. All activities through that date related to the Company’s formation, the Public Offering (as defined below), looking for a target for a business combination and pursuing the Business Combination. Prior to the closing of the Business Combination, we did not generate any income other than non-operating income in the form of interest income on cash, cash equivalents, and marketable securities that were held in the Trust Account (as defined below).

For the three months ended March 31, 2020, we had a net income of \$479,411. The income for the three months ended March 31, 2020 relates to earnings on the Trust Account assets offset by general and administrative costs, estimated taxes, and management fees for administrative services.

For the period from March 27, 2019 (inception) to March 31, 2019, we had a net loss of \$675.

Liquidity and Capital Resources

On May 14, 2019 we consummated a \$400,000,000 initial public offering (the “Public Offering”) consisting of 40,000,000 units at a price of \$10.00 per unit (“Unit”). Each Unit consists of one share of the Company’s Class A common stock, \$0.0001 par value (the “Class A Common Stock”) and one-third of one redeemable warrant (each, a “Public Warrant”). Simultaneously, with the closing of the Public Offering, we consummated an approximately \$9,500,000 private placement (“Private Placement”) of an aggregate of 6,333,334 warrants (“Private Placement Warrants”) at a price of \$1.50 per warrant. Upon closing of the Public Offering and Private Placement on May 14, 2019, \$400,000,000 in proceeds (including \$14,000,000 of deferred underwriting commissions) from the Public Offering and Private Placement was placed in a U.S.-based trust account maintained by Continental Stock Transfer & Trust Company, acting as trustee (the “Trust Account”). The remaining \$8,750,000 held outside of trust was used to pay underwriting commissions of \$8,000,000, loans to our Sponsors, and deferred offering and formation costs.

As of March 31, 2020, we had an unrestricted cash balance of \$157,758 as well as cash and accrued interest held in trust of \$405,002,234. Our working capital needs as of March 31, 2020 were satisfied through the funds, held outside of the Trust Account, from the Public Offering. Interest on funds held in the Trust Account may be used to fund our working capital requirements (subject to an annual limit of \$250,000) and/or to pay taxes. Further, the Sponsor or an affiliate of the Sponsor or certain of the Company’s officers and directors may, but are not obligated to, loan the Company funds as may be required. Up to \$1,500,000 of such loans may be convertible into warrants of the post-Business Combination entity at a price of \$1.50 per warrant at the option of the lender. Such warrants would be identical to the Private Placement Warrants. The terms of such loans have not been determined and no written agreements exist with respect to such loans.

We used substantially all of the funds held in the Trust Account to complete the Business Combination on April 23, 2020. Funds held in the Trust Account were also used to fund the redemption of 8,928 shares of Class A common stock.

Critical Accounting Policies

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the unaudited financial statements and accompanying notes. Actual results could differ from those estimates. The Company has identified the following as its critical accounting policies:

Redeemable Shares

All of the 40,000,000 shares of Class A Common Stock included in the Units sold as part of the Public Offering contain a redemption feature as described in the prospectus for the Public Offering. In accordance with FASB ASC 480, "Distinguishing Liabilities from Equity", redemption provisions not solely within the control of the Company require the security to be classified outside of permanent equity. DEAC's amended and restated certificate of incorporation provided a minimum net tangible asset threshold of \$5,000,001. The Company recognizes changes in redemption value immediately as they occur and will adjust the carrying value of the security at the end of each reporting period. Increases or decreases in the carrying amount of redeemable shares will be affected by charges against additional paid-in capital.

Recent Accounting Pronouncements

Management does not believe that any recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's financial statements.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet commitments of the type required to be disclosed pursuant to SEC rules.

Contractual Obligation

As of March 31, 2020 we did not have any long-term debt, capital or operating lease obligations.

We entered into an administrative services agreement in which the Company will pay the Sponsor for office space and secretarial and administrative services provided to members of the Company's management team, in an amount not to exceed \$15,000 per month. The administrative services agreement terminated upon the Closing of the Business Combination.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

As of March 31, 2020, we were not subject to any material market or interest rate risk. As of March 31, 2020, the net proceeds of the Public Offering and the Private Placement Warrants, including amounts in the Trust Account, were invested in U.S. government treasury obligations with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. Due to the short-term nature of these investments, we believe there was no associated material exposure to interest rate risk.

We have not engaged in any hedging activities since our inception. We do not expect to engage in any hedging activities with respect to the market risk to which we are exposed.

Item 4. Controls and Procedures.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in company reports filed or submitted under the Exchange Act is accumulated and communicated to management, including our Chief Executive Officer (who serves as our Principal Executive Officer) and Chief Financial Officer (who serves as our Principal Financial and Accounting Officer), as appropriate, to allow timely decisions regarding required disclosure.

As required by Rules 13a-15 and 15d-15 under the Exchange Act, our Chief Executive Officer and Chief Financial Officer carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of March 31, 2020. Based upon their evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) were effective.

During the most recently completed fiscal quarter, there has been no change in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

OPTION AGREEMENT

DRAFTKINGS INC.

2020 INCENTIVE AWARD PLAN

OPTION AGREEMENT
(INCENTIVE STOCK OPTION OR NONSTATUTORY STOCK OPTION)

Pursuant to your Stock Option Grant Notice (“**Grant Notice**”) and this Option Agreement (this “**Agreement**”), DraftKings Inc., a Nevada corporation (the “**Company**”) has granted you an option under its 2020 Incentive Award Plan (the “**Plan**”) to purchase the number of Common Shares indicated in your Grant Notice at the exercise price indicated in your Grant Notice. The option is granted to you effective as of the date of grant set forth in the Grant Notice (the “**Date of Grant**”). If there is any conflict between the terms in the Grant Notice, Exhibit A to the Grant Notice, this Option Agreement, the Plan and the Notice of Exercise, then such conflict shall be resolved by giving such documents precedence in the following order: Exhibit A, the Grant Notice, this Restricted Stock Unit Agreement, the Plan and then the Notice of Exercise. Capitalized terms not explicitly defined in this Option Agreement or in the Grant Notice but defined in the Plan will have the same definitions as in the Plan.

The details of your option, in addition to those set forth in the Grant Notice and the Plan, are as follows:

1. VESTING; NO SHAREHOLDER RIGHTS. Your option will vest as provided in your Grant Notice. Vesting will cease upon the termination of your service with the Company except as may be provided otherwise in the Vesting Schedule in Exhibit A to your Grant Notice or in an employment or other agreement between you and the Company. You will not be deemed to be the holder of, or have any of the rights of a stockholder with respect to your option unless and until the option vests and you exercise the option in accordance with this Option Agreement and the Company has issued and delivered Common Shares to you and your name shall have been entered as a stockholder of record on the books of the Company.

2. NUMBER OF SHARES AND EXERCISE PRICE. The number of Common Shares subject to your option and your exercise price per share are set forth in your Grant Notice and will be adjusted in the event of changes in capital structure and similar events as provided in Section 12 of the Plan.

3. EXERCISE RESTRICTION FOR NON-EXEMPT EMPLOYEES. If you are an employee eligible for overtime compensation under the Fair Labor Standards Act of 1938, as amended (that is, a “**Non-Exempt Employee**”), and except as provided below, you may not exercise your option until you have completed at least six months of service measured from the Date of Grant, even if you have already been an employee of the Company for more than six months. Consistent with the provisions of the Worker Economic Opportunity Act, you may exercise your option as to any vested portion prior to such six month anniversary in the case of (i) your death or disability, (ii) a Change in Control or (iii) your termination of service on your “retirement” (as defined in the Company’s benefit plans).

4. METHOD OF PAYMENT. You must pay the full amount of the exercise price for the shares you wish to exercise. You may pay the exercise price in cash or by check, bank draft or money order payable to the Company or in any other manner **permitted by your Grant Notice**, which may include one or more of the following:

(a) Provided that at the time of exercise the Common Shares are publicly traded, pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of Common Shares, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds. This manner of payment is also known as a “cashless exercise”, “broker-assisted exercise”, “same day sale”, or “sell to cover”.

(b) Provided that at the time of exercise the Common Shares are publicly traded, by delivery to the Company (either by actual delivery or attestation) of already-owned Common Shares that are owned free and clear of any liens, claims, encumbrances or security interests, and that are valued at Fair Market Value on the date of exercise. "Delivery" for these purposes, in the sole discretion of the Company at the time you exercise your option, will include delivery to the Company of your attestation of ownership of such Common Shares in a form approved by the Company. You may not exercise your option by delivery to the Company of Common Shares if doing so would violate the provisions of any law, regulation or agreement restricting the redemption of the Company's stock.

(c) Subject to the consent of the Company at the time of exercise, by a "net exercise" arrangement pursuant to which the Company will reduce the number of Common Shares issued upon exercise of your option by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price. You must pay any remaining balance of the aggregate exercise price not satisfied by the "net exercise" in cash or other permitted form of payment. Common Shares will no longer be outstanding under your option and will not be exercisable thereafter if those shares (i) are used to pay the exercise price pursuant to the "net exercise," (ii) are delivered to you as a result of such exercise, and (iii) are withheld to satisfy your tax withholding obligations.

5. **WHOLE SHARES.** You may exercise your option only for whole Common Shares.

6. **SECURITIES LAW COMPLIANCE.** In no event may you exercise your option unless the Common Shares issuable upon exercise are then registered under the Securities Act or, if not registered, the Company has determined that your exercise and the issuance of the shares would be exempt from the registration requirements of the Securities Act. The exercise of your option also must comply with all other applicable laws and regulations governing your option, and you may not exercise your option if the Company determines that such exercise would not be in material compliance with such laws and regulations.

7. **TERM.** You may not exercise your option before the Date of Grant or after the expiration of the option's term. Except as may be provided otherwise in the Vesting Schedule in Exhibit A to your Grant Notice or in an employment or other agreement between you and the Company, the term of your option expires (subject to the provisions of Section 7(c) of the Plan in the event that your Option is an Incentive Stock Option and you, on the Date of Grant, own shares representing more than 10% of the combined voting power of the Company) upon the earliest of the following:

(a) immediately upon the termination of your service with the Company for Cause;

(b) three months after the termination of your service with the Company for any reason other than Cause, your Disability (as defined below) or your death (except as otherwise provided in Section 7(d) below); *provided, however*, that if during any part of such three month period your option is not exercisable solely because of the condition set forth in the section above relating to "Securities Law Compliance," your option will not expire until the earlier of the Expiration Date or until it has been exercisable for an aggregate period of three months after the termination of your service with the Company; *provided further*, that if (i) you are a Non-Exempt Employee, (ii) your service with the Company terminates within six months after the Date of Grant, and (iii) you have vested in a portion of your option at the time of your termination of your service with the Company, your option will not expire until the earlier of (x) the later of (A) the date that is seven months after the Date of Grant, and (B) the date that is three months after the termination of your service with the Company, and (y) the Expiration Date;

(c) 12 months after the termination of your service with the Company due to your Disability (except as otherwise provided in Section 7(d)) below. For purposes of this Option Agreement, “**Disability**” means your inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that has lasted or can be expected to last for a continuous period of not less than 12 months as provided in Sections 22(e)(3) and 409A(a)(2)(c)(i) of the Code, and will be determined by the Committee on the basis of such medical evidence as the Committee deems warranted under the circumstances.;

(d) 12 months after your death if you die either during your service with the Company or within three months after your service with the Company terminates for any reason other than Cause;

(e) the Expiration Date indicated in your Grant Notice; or

(f) the day before the 10th anniversary of the Date of Grant.

If your option is an Incentive Stock Option, note that to obtain the federal income tax advantages associated with an Incentive Stock Option, the Code requires that at all times beginning on the Date of Grant and ending on the day three months before the date of your option’s exercise, you must be an employee of the Company or an Affiliate, except in the event of your death or Disability. The Company has provided for extended exercisability of your option under certain circumstances for your benefit but cannot guarantee that your option will necessarily be treated as an Incentive Stock Option if you continue to provide services to the Company or an Affiliate as a consultant or director after your employment terminates or if you otherwise exercise your option more than three months after the date your employment with the Company or an Affiliate terminates.

8. EXERCISE.

(a) You may exercise the vested portion of your option during its term by (i) delivering a Notice of Exercise (in a form designated by the Company) or completing such other documents and/or procedures designated by the Company for exercise and (ii) paying the exercise price and any applicable withholding taxes to the Company’s Secretary, stock plan administrator, or such other person as the Company may designate, together with such additional documents as the Company may then require.

(b) By exercising your option you agree that, as a condition to any exercise of your option, the Company may require you and you hereby agree to enter into an arrangement providing for the payment by you to the Company of any tax withholding obligation of the Company arising by reason of (i) the exercise of your option, or (ii) the disposition of Common Shares acquired upon such exercise.

(c) If your option is an Incentive Stock Option, by exercising your option you agree that you will notify the Company in writing within 15 days after the date of any disposition of any of the shares of the Common Shares issued upon exercise of your option that occurs within two years after the Date of Grant or within one year after such Common Shares are transferred upon exercise of your option.

9. TRANSFERABILITY. Except as otherwise provided in this Section 9, your option is not assignable or transferable, except by will or by the laws of descent and distribution, and is exercisable during your life only by you. Without limiting the generality of the foregoing, your option may not be sold, assigned, transferred or otherwise disposed of, or pledged or hypothecated in any manner (whether by operation of law or otherwise), and shall not be subject to execution, attachment or other process. Any assignment, transfer, sale, pledge, hypothecation or other disposition of your option or any attempt to make any such levy of execution, attachment or other process will cause your option to terminate immediately, unless the Chief Legal Officer of the Company, in his sole discretion, specifically waives applicability of this provision.

(a) Certain Trusts. Upon receiving written permission from the Chief Legal Officer of the Company, you may transfer your option to a trust if you are considered to be the sole beneficial owner (determined under Section 671 of the Code and applicable state law) while the option is held in the trust. You and the trustee must enter into transfer and other agreements required by the Company.

(b) Domestic Relations Orders. Upon receiving written permission from the Chief Legal Officer of the Company, and provided that you and the designated transferee enter into transfer and other agreements required by the Company, you may transfer your option pursuant to the terms of a domestic relations order, official marital settlement agreement or other divorce or separation instrument as permitted by Treasury Regulation 1.421-1(b)(2) that contains the information required by the Company to effectuate the transfer. You are encouraged to discuss the proposed terms of any division of this option with the Company prior to finalizing the domestic relations order or marital settlement agreement to help ensure the required information is contained within the domestic relations order or marital settlement agreement. If this option is an Incentive Stock Option, this option may be deemed to be a Nonstatutory Stock Option as a result of such transfer.

(c) Beneficiary Designation. Upon receiving written permission from the Chief Legal Officer of the Company, you may, by delivering written notice to the Company, in a form approved by the Company and any broker designated by the Company to handle option exercises, designate a third party who, on your death, will thereafter be entitled to exercise this option and receive the Common Shares or other consideration resulting from such exercise. In the absence of such a designation, your executor or administrator of your estate will be entitled to exercise this option and receive, on behalf of your estate, the Common Shares or other consideration resulting from such exercise.

10. OPTION NOT A SERVICE CONTRACT. Your option is not an employment or service contract, and nothing in your option will be deemed to create in any way whatsoever any obligation on your part to continue in the employ or service of the Company or an Affiliate, or of the Company or an Affiliate to continue your employment or service. In addition, nothing in your option will obligate the Company or an Affiliate, their respective stockholders, boards of directors, officers or employees to continue any relationship that you might have as a member of the Company's Board or a consultant for the Company or an Affiliate.

11. WITHHOLDING OBLIGATIONS.

(a) At the time you exercise your option, in whole or in part, and at any time thereafter as requested by the Company, you hereby agree to make adequate provision for (including by means of a "same day sale" pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board to the extent permitted by the Company), any sums required to satisfy the federal, state, local and foreign tax withholding obligations of the Company or an Affiliate, if any, which arise in connection with the exercise of your option.

(b) In the event that you fail to make the adequate provisions contemplated by Section 11(a) above, then subject to compliance with any applicable legal conditions or restrictions, the Company shall have the option in its discretion (but not the obligation) to withhold from fully vested Common Shares otherwise issuable to you upon the exercise of your option a number of whole Common Shares having a Fair Market Value, determined by the Company as of the date of exercise, not in excess of the amount of tax required to be withheld by law (or such lower amount as may be necessary to avoid classification of your option as a liability for financial accounting purposes).

(c) The Company assumes no responsibility for individual income taxes, penalties or interest related to grant or exercise of any option. Neither the Company nor any affiliate makes any representation or undertaking regarding the treatment of any tax withholding in connection with the grant or exercise of any option. **You should consult with your personal tax advisor regarding the tax ramifications, if any, which result from receipt of the option, the subsequent issuance, if any, of Common Shares on exercise of the option, and subsequent disposition of any such Common Shares.** You acknowledge that the Company may be required to withhold federal, state and/or local taxes in connection with the exercise of the option. **You may not exercise your option unless the tax withholding obligations of the Company and/or any Affiliate are satisfied.** Accordingly, you may not be able to exercise your option when desired even though your option is vested, and the Company will have no obligation to issue a certificate for such Common Shares or release such Common Shares from any escrow provided for herein, if applicable, unless such obligations are satisfied.

12. SECTION 409A; TAX CONSEQUENCES. It is the Company's intent that this option be exempt from Section 409A of the Internal Revenue Code to the extent applicable, and that this Option Agreement be administered accordingly. You hereby agree that the Company does not have a duty to design or administer the Plan or its other compensation programs in a manner that minimizes your tax liabilities. You will not make any claim against the Company, or any of its officers, directors, employees or Affiliates related to tax liabilities arising from your option or your other compensation.

13. NOTICES. Any notices provided for in your option or the Plan will be given in writing and will be deemed effectively given upon receipt. The Company may, in its sole discretion, decide to deliver any documents related to participation in the Plan and this option by electronic means or to request your consent to participate in the Plan by electronic means. By accepting this option, you consent to receive such documents by electronic delivery and to participate in the Plan through an on-line or electronic system established and maintained by the Company or another third party designated by the Company.

14. AGREEMENT SUMMARIES. In the event that the Company provides you (or anyone acting on your behalf) with summary or other information concerning, including or otherwise relating to your rights or benefits under this Agreement (including, without limitation, the option and any exercise thereof), such summary or other information shall in all cases be qualified in its entirety by Exhibit A, the Grant Notice, this Option Agreement, the Plan and the Notice of Exercise and, unless it explicitly states otherwise and is signed by an officer of the Company, shall not constitute an amendment or other modification hereto.

15. ACKNOWLEDGEMENTS. You understand, acknowledge, agree and hereby stipulate that: (1) you are executing this Agreement voluntarily and without any duress or undue influence by the Company or anyone else; (2) the option is intended to be consideration in exchange for the promises and covenants set forth in this Agreement; (3) you have carefully read, considered and understand all of the provisions of this Agreement and the Company's policies reflected in this Agreement, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged; (4) you have asked any questions needed for you to understand the terms, consequences and binding effect of this Agreement and you fully understand them; (5) you were provided an opportunity to seek the advice of an attorney and/or a tax professional of your choice before accepting this option and (6) the obligations and restrictions set forth in this Agreement are fair and reasonable.

2. NUMBER OF RSUs. The number of RSUs are set forth in your Grant Notice and will be adjusted in the event of changes in capital structure and similar events as provided in Section 12 of the Plan.

3. SETTLEMENT. Subject to Section 8, each RSU will be settled by delivery to you of one Common Share [###SETTLEMENT DATE###]. The Company may, in its sole discretion, deliver cash in lieu of all or any portion of the Common Shares otherwise deliverable in respect of the RSUs in an amount equal to such number of Common Shares multiplied by the Fair Market Value of a Common Share on the date when such shares would otherwise have been issued, as determined by the Committee.

4. SECURITIES LAW COMPLIANCE. In no event shall the Company deliver Common Shares upon vesting of the RSUs unless such shares are then registered under the Securities Act or, if not registered, the Company has determined that the issuance of the shares would be exempt from the registration requirements of the Securities Act. The issuance of Common Shares is also subject to compliance with all other applicable laws and regulations.

5. OTHER TERMS.

(a) In considering the acceptance of this award of RSUs, you understand, acknowledge, agree and hereby stipulate that you should use the same independent investment judgment that you would use in making other investments in corporate securities. Among other things, stock prices will fluctuate over any reasonable period of time and the price of Common Shares may go down as well as up. No guarantees are made as to the future prospects of the Company or the Common Shares. No representations are made by the Company.

(b) Notwithstanding anything to the contrary in this Agreement, the Common Shares issued under this Agreement, any other restricted stock unit agreement or any stock option agreement, and all amounts that may be received by you in connection with any disposition of any such Common Shares shall be subject to applicable recoupment, “clawback” and similar provisions under law, as well as any recoupment, “clawback” and similar policies of the Company that may be adopted at any time and from time to time in order to comply with the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law

6. **TRANSFERABILITY.** Except as otherwise provided in this Section 6 or in the Plan, the RSUs are not assignable or transferable, except by will or by the laws of descent and distribution. Without limiting the generality of the foregoing, the RSUs may not be sold, assigned, transferred or otherwise disposed of, or pledged or hypothecated in any manner (whether by operation of law or otherwise), and shall not be subject to execution, attachment or other process. Any assignment, transfer, sale, pledge, hypothecation or other disposition of the RSUs or any attempt to make any such levy of execution, attachment or other process will cause the RSUs to terminate immediately, unless the Chief Legal Officer of the Company, in his sole discretion, specifically waives applicability of this provision.

(a) **Certain Trusts.** Upon receiving written permission from the Chief Legal Officer of the Company, you may transfer the RSUs to a trust if you are considered to be the sole beneficial owner (determined under Section 671 of the Code and applicable state law) while the RSUs are held in the trust. You and the trustee must enter into transfer and other agreements required by the Company.

(b) **Domestic Relations Orders.** Upon receiving written permission from the Chief Legal Officer of the Company, and provided that you and the designated transferee enter into transfer and other agreements required by the Company, you may transfer the RSUs pursuant to the terms of a domestic relations order, official marital settlement agreement or other divorce or separation instrument that contains the information required by the Company to effectuate the transfer. You are encouraged to discuss the proposed terms of any division of these RSUs with the Company prior to finalizing the domestic relations order or marital settlement agreement to help ensure the required information is contained within the domestic relations order or marital settlement agreement.

(c) **Beneficiary Designation.** Upon receiving written permission from the Chief Legal Officer of the Company, you may, by delivering written notice to the Company, in a form approved by the Company and any broker designated by the Company to administer its equity program, designate a third party who, on your death, will thereafter be entitled to receive the Common Shares or other consideration in settlement of the vested RSUs. In the absence of such a designation, your executor or administrator of your estate will be entitled to receive, on behalf of your estate, the Common Shares or other consideration in settlement of the vested RSUs.

7. **RSUs NOT A SERVICE CONTRACT.** The RSUs are not an employment or service contract, and nothing in the RSUs will be deemed to create in any way whatsoever any obligation on your part to continue in the employ or service of the Company or an Affiliate, or of the Company or an Affiliate to continue your employment or service. In addition, nothing in the RSUs will obligate the Company or an Affiliate, their respective stockholders, boards of directors, officers or employees to continue any relationship that you might have as a member of the Company’s Board or a consultant for the Company or an Affiliate.

8. WITHHOLDING OBLIGATIONS.

(a) At the time the RSUs vest, in whole or in part, and at any time thereafter as requested by the Company, you hereby agree to make adequate provision for (including by means of a “same day sale” pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board to the extent permitted by the Company), any sums required to satisfy the federal, state, local and foreign tax withholding obligations of the Company or an Affiliate, if any, which arise in connection with the vesting and settlement of the RSUs.

(b) In the event that you fail to make the adequate provisions contemplated by Section 8(a) above, then, subject to compliance with any applicable legal conditions or restrictions, the Company shall have the option in its sole discretion (but not the obligation) to withhold from fully vested Common Shares otherwise issuable to you upon the settlement of the RSUs a number of whole Common Shares having a Fair Market Value, determined by the Company as of the date of vesting or settlement as applicable, not in excess of the amount of tax required to be withheld by law (or such lower amount as may be necessary to avoid classification of the RSUs as a liability for financial accounting purposes).

(c) The Company assumes no responsibility for individual income taxes, penalties or interest related to grant, vesting or settlement of any RSU. Neither the Company nor any affiliate makes any representation or undertaking regarding the treatment of any tax withholding in connection with the grant, vesting or settlement of the RSUs. **You should consult with your personal tax advisor regarding the tax ramifications, if any, which result from receipt of the RSUs, the subsequent issuance, if any, of Common Shares on settlement of the RSUs, and subsequent disposition of any such Common Shares.** You acknowledge that the Company may be required to withhold federal, state and/or local taxes in connection with the vesting and/or settlement of the RSUs. **No RSUs will vest or be settled unless and until you have made the adequate provisions contemplated by Section 8(a) or the Company has exercised its option to withhold the necessary amount of Common Shares pursuant to Section 8(b) above.** The Company will have no obligation to issue a certificate for Common Shares in respect of the RSUs unless the obligations set forth in this Section 8 are satisfied.

9. **SECTION 409A; TAX CONSEQUENCES.** It is the Company’s intent that payments under this Restricted Stock Unit Agreement and Grant Notice shall be [exempt from] Section 409A of the Internal Revenue Code (“Section 409A”) to the extent applicable, and that this Restricted Stock Unit Agreement be administered accordingly. Notwithstanding anything to the contrary contained in this Restricted Stock Unit Agreement, Grant Notice or any employment agreement you have entered into with the Company, to the extent that any payment or benefit under this Restricted Stock Unit Agreement is determined by the Company to constitute “non-qualified deferred compensation” subject to Section 409A and is payable to you by reason of termination of your employment, then (a) such payment or benefit shall be made or provided to you only upon a “separation from service” as defined for purposes of Section 409A under applicable regulations and (b) if you are a “specified employee” (within the meaning of Section 409A and as determined by the Company), such payment or benefit shall not be made or provided before the date that is six months after the date of your separation from service (or your earlier death). Each payment under this Restricted Stock Unit Agreement shall be treated as a separate payment under Section 409A. You hereby agree that the Company does not have a duty to design or administer the Plan or its other compensation programs in a manner that minimizes your tax liabilities. You will not make any claim against the Company, or any of its officers, directors, employees or Affiliates related to tax liabilities arising from the RSUs or your other compensation.

10. NOTICES. Any notices provided for in the Restricted Stock Unit Agreement or the Plan will be given in writing and will be deemed effectively given upon receipt. The Company may, in its sole discretion, decide to deliver any documents related to participation in the Plan and these RSUs by electronic means or to request your consent to participate in the Plan by electronic means. By accepting these RSUs, you consent to receive such documents by electronic delivery and to participate in the Plan through an on-line or electronic system established and maintained by the Company or another third party designated by the Company.

11. AGREEMENT SUMMARIES. In the event that the Company provides you (or anyone acting on your behalf) with summary or other information concerning, including or otherwise relating to your rights or benefits under this Agreement (including, without limitation, the RSUs and any vesting thereof), such summary or other information shall in all cases be qualified in its entirety by Exhibit A, the Grant Notice, this Restricted Stock Unit Agreement and the Plan and, unless it explicitly states otherwise and is signed by an officer of the Company, shall not constitute an amendment or other modification hereto.

12. ACKNOWLEDGEMENTS. You understand, acknowledge, agree and hereby stipulate that: (1) you are executing this Agreement voluntarily and without any duress or undue influence by the Company or anyone else; (2) the RSUs are intended to be consideration in exchange for the promises and covenants set forth in this Agreement; (3) you have carefully read, considered and understand all of the provisions of this Agreement and the Company's policies reflected in this Agreement; (4) you have asked any questions needed for you to understand the terms, consequences and binding effect of this Agreement and you fully understand them; (5) you were provided an opportunity to seek the advice of an attorney and/or a tax professional of your choice before accepting this award of RSUs and (6) the obligations and restrictions set forth in this Agreement are fair and reasonable.
