**Explanation of Responses:**

- The Reporting Person acquired shares of Class A Common Stock of the Issuer after the exercise of options and paid the aggregate exercise price and the tax withholdings in cash.
- The options are vested and currently exercisable.
- This Form 4 amendment is being filed solely to correct the number of derivative securities beneficially owned by the Reporting Person following the reported transaction. The original Form 4 filing erroneously reported 199,752 derivative securities remaining. The corrected number of derivative securities remaining following this transaction is 177,787. Other than as described in this footnote, there are no other changes from the original Form 4, including the transactions triggering the original Form 4.
